Risk Assessment

What are the hazards?	Transmission of COVID-19	
Who might be harmed?	Facility users, staff, volunteers, visitors and the wider community	
No	Controls required	Action Taken by the Club
Facility Capacities		
	Have you determined the safe capacity of your field of play and grounds for both organised cricket activity and off-field activities (subject to the Rule of 6 or as a group made up of two households), accounting for social distancing, legal gathering size limits and supervision ratios where applicable?	Yes, playing guidance in line with ECB & SCB directions. Chaining rooms open for toilets only.
	Have you determined the safe capacity of your net practice facilities accounting for social distancing and legal gathering size limits?	Yes, max 6 people to net at any time.
Organised activities		
	Have you review playing guidance and make suitable adaptation to your approach to practice and matches?	Yes, playing guidance in line with SCB directions. Sanitiser in place around outfield, also available at clubhouse.
	Have you reviewed supervision ratios and adapt group sizes for supervised children's activities accordingly? Have you ensured safeguarding procedures are being followed, even under COVID restrictions?	Yes, ratios in line with ECB directions.
	Have you assessed control measures for preventing spectators (with limited exceptions – see guidance)?	Information displayed on entry to the ground outlining restrictions and control measures in place.

People Management and Communication		
	Establish what restrictions are in place for your venue location including restrictions on gathering size limits in line with the UK Government Roadmap and ensure your control measures are appropriate.	In line with current guidance, restriction on the use of chaining rooms and clubhouse are in place.
	Self-screening of individuals before they arrive at the venue to ensure individuals displaying COVID symptoms or those who should be shielding do not travel or attend.	information sent to players and visiting teams to advise that they should Self-Screen prior to traveling to the ground
	Ensure that NHS Test and Trace data collection system is in place and that it is compliant with Information Commissioner's Office guidance.	Ground is registered on the track and trace system, QR codes displayed for individuals to register.
	Ensure that your NHS QR Code poster has been produced and displayed for use by visitors.	QR codes displayed for individuals to register.
	An assessment of user numbers, space capacities, venue circulation and layout planning to maintain social distancing.	Access restricted to areas of limited space. e.g between building. Limited access to clubhouse and toilet facilities restricted to a one in one out system.
	A plan for where parents and players will sit whilst watching cricket activities.	Areas set for players and spectators to sit and watch
	Signage and communication so that all participants and visitors (including spectators) are aware of the control measures in place and how to act appropriately to minimise the risk of transmission of COVID-19.	Information is displayed at multiple points around the ground.
	Staff and volunteer training to support the implementation of the plan, with suitable training records.	Information sent out to all players, volunteers advising on precaution / steps to be taken
Buildings		
	Assess ventilation in your building (natural and mechanical) and take appropriate measures to maximise ventilation and minimise risk of transmission.	Windows and doors to be kept open to ensure maximum ventilation.
	Assess the maximum occupancy of your rooms in order to ensure Social Distancing can be maintained and establish a suitable circulation system / one-way system. Use signage and floor markings to communicate this.	Access limited to Toilets only,
	Assess the arrangement of seating areas to maintain social distancing and minimise the risk of transmission.	Seating to be spaced out at 2m intervals.
	Consider your wet weather plans and describe what actions you will take to maintain social distancing in wet weather.	Some cover available under pavilion canopy, Additional event shelters available during inclement weather.
Social and Hospitality Areas		
	Have you ensured your social and hospitality areas will remain closed?	Clubhouse will remain close until restrictions are lifted.
Hygiene and Cleaning		

	Develop an appropriate cleaning plan	Venue is to be deep cleaned prior to the start of the season. The regular cleaning regime will then take place where areas are cleaned prior to match days.
	Materials, PPE and training that you have provided to your staff for effective cleaning.	Sufficient stocks made available during matches
	Provision of hand washing facilities with warm water, soap, disposable towels and bin.	Sufficient stocks made available during matches
	Provision of suitable hand sanitiser in locations around the facility to maintain frequent hand sanitisation.	Sufficient stocks made available during matches
	Provision of suitable wipes and hand sanitiser on the field for Hygiene Breaks.	Sufficient stocks made available during matches
What are the hazards?	Other venue hazards to be considered after temporary closure such as Legionnaire's Disease, fire, electrical safety etc.	
Who might be harmed?	Facility users, staff, volunteers and visitors	
Controls required		Action Taken by the Club
Preparing Your Buildings		
	Consider the risk of Legionnaire's disease and carry out necessary work to make your water supply safe for users. Refer to the specific guidance in the document above.	Deep clean 03/04/21. Showers will be run once a week during the season.
	Check that routine maintenance has not been missed and certification is up to date (e.g. Gas safety, Electrical Safety and Portable Appliance Testing, Fire Safety, Lifts and Heating – Ventilation and Air Conditioning).	Electrical safety checks undertaken by a competent person 03/04/21
	Check that your ground is ready and safe to play. Look at what work is required and how this can be done safely at a social distance.	Planned maintenance has taken place with regard to current regulations.
What are the hazards?	Vital first aid equipment is not available when needed. First aiders do not have adequate PPE to carry out first aid when required.	
Who might be harmed?	First aiders, facility users, staff, volunteers and visitors	
Controls required		Action Taken by the Club
First Aid		
	Check that your first aid kits are stocked and accessible during all activity.	New First Aid kit purchased, located in Kitchen
	What steps have you taken to improve your first aiders' understanding of first aid provision under COVID?	Additional personnel have been trained during the last 6 months
	If you have an AED then check that it is in working order, service is up to date and that it is available during all activity.	AED available, located at the Guildhall

	What are the hazards?	Pitches or outfield are unsafe to play on
	Who might be harmed?	Players, officials, ground staff
	Controls required	Action Taken by the Club
Preparing your grounds		
	Safety checks on machinery, sightscreens and covers.	Machinery has been serviced during the closed season
	Check and repair of any damage to pitches and outfields.	Outfield has been checked; improvements made to the boundary fence
	Check and repair of any damage to practice facilities including nets	Improvements made to the run-up area around the nets to remove potential hazard.
	What are the hazards?	Use this space to identify hazards at your venue
	Who might be harmed?	Use this space to identify who might be harmed
	Controls required	Action Taken by the Club
	Identify your own control measures required.
